

WILD CARD

BLACKOUT

Floods have disrupted city power supplies causing blackouts. Design an idea for implementing emergency energy solutions.

WILD CARD

SHELTER

Homeless and unemployed people have set up a tent city on the river-edge. Design an idea that helps them to quickly move belongings during flash flooding.

WILD CARD

HARVEST

Flooding has caused food shortages in the city. Implement an idea to grow and harvest more food in flood plains.

WILD CARD

SMART CITY

To compete with the world's smartest cities, use technology to create smart zones, communicate, track, recycle, and learn during flood scenarios

WILD CARD

UNDERGROUND

Floods have disrupted city power supplies causing blackouts. Design an idea that harvests sunlight until power can be restored.

WILD CARD

VERTICAL

Adapt unused vertical and roof spaces for other uses: collecting, growing and transmitting in times of flood.

WILD CARD

THIRSTY

Not enough clean water is available within the flooded city limits. Design an idea to harvest water from all possible sources.

WILD CARD

NORTH + SOUTH

Design a hydroponic river farm that can help supply food to the region in times of flood.

WILD CARD

BLUE SKY

To escape rising flood waters, sky is the new frontier. Use the sky to create Skywalks, Sky docks, or Sky Harvests

WILD CARD

HAPPY IN HEALTH

The city is developing health problems due to the increase of waterborne disease. Develop an idea that aims to address the increase in health risk.

WILD CARD

MUTANT KOALAS

Mutant koalas have escaped from a genetic engineering facility near you. Provide a wildlife corridor to help them escape their flooded region.

WILD CARD

POP-UPS

Design and install mobile service pods that can help disseminate emergency resources in times of flood.

WILD CARD

QUICK CONNECT

Create a service that helps connect people who have been isolated by floods to resources that they will need.

WILD CARD

GOOD NEIGHBOURS

Create a billboard campaign to promote practical flood ideas throughout the city.
